WELCOME TO PAMES

PAMES is one of the fastest growing state associations in the country and a strong force in the Pacific Northwest.

Our Association provides that visible entry point to our industry which represents your clients.

We support the leaders of our government agencies such as Medicare, Medicaid and all other insurers who wish to interact with us.

We advocate support for all those in our HME/DME industry and would like to invite your company to become a member today.

HOW PAMES CAN HELP YOU

**PAMES has four different membership levels available to you.
All levels promote your company and the products you provide.**

- Only paid members of PAMES are allowed to exhibit at our annual fall conference in September. This event will provide you with access to those who are the decision makers for their companies by creating relationships with them.**
- You will receive monthly newsletters and updates on all PAMES members and activities.**
- Your company information is proudly displayed on our website, as well as all marketing and newsletter mailings.**
